

Token Corporation 株式会社トーキン

Arc Welding Torch Specialty Manufacturer

TokenArc brand products are used in Japanese automotive factories around the world.

Arc welding is one of the most reliable, repeatable, and cost efficient ways to join metals. Welding is an essential part of industrial development and arc welding operations can be found all over the world.

We supply the arc welding needs of global manufactures such as:

Toyota, Honda, Subaru, Nissan, Mazda, Suzuki, Kawasaki, Hino, as well as Yaskawa Robot.

Token Group Companies

Headquarters: Tokin Corporation, Hamamatsu Japan

Manufacturing: Suzhou Tokin, Suzhou China

USA Distribution: Tokin America, West Chester Ohio

Token is recruiting for soon to or recent graduates interested in the Japanese automotive and arc welding industry. A product training period of 1-2 years in Hamamatsu is optional and timelines can be negotiated. The focus of our search is for technical sales and overseas trade.

- Visa support available
- All nationalities welcome (American nationals preferred for Ohio placement)
- No experience in welding or manufacturing required
- JLPT N3 and above preferred but not required

We are recruiting as needed on an ongoing basis. Please inquire for more details.
